

HCSD Extracurricular Safety Protocols

Effective 09/02/2020

Revised 11/17/2020

Please remember these protocols are fluid and subject to change as our community's COVID-19 situation changes.

Hosting Events

- The HCSD will determine and adjust stadium, gymnasium, and theater capacity based on level of community spread of COVID-19 and its impact on its campuses.
- All spectators and support personnel will undergo temperature checks before entering our facilities and outdoor venues (**effective 8/31/2020**).
- Spectators will socially distance to the greatest extent possible. Families may sit closely together.
- Spectators will be required to wear a mask at all times. Special Note: At outdoor events in which socially distancing is clearly possible and crowd size is minimal, spectators may remove masks while watching play. However, while visiting the concession stand and restroom facilities, masks must be worn. **Spectators at football games must wear masks at all times due to crowd size.**
- Basketball ticket sales will be paperless. On-line sales only.
- In order to maintain restricted maximum capacity determined by the HCSD, gyms and other facilities may be cleared at the conclusion of games/rounds.
- Students who participate in swimming will follow the guidelines and safety protocols set forth by the Frances Meadows Aquatic Center.
